

## World Scout Environment Badge

This is a badge from the World Scout Environment Program which helps Scouts around the world work together for the good of the local and global environment.

### Requirements

**A. EXPLORE & REFLECT** – Complete activities based on each of the 5 aims

#### **Aim 1. People and natural systems have clean water and clean air**

- Explore the sources of clean water and clean air in the local environment.
- Understand the ways water and air are naturally cleaned.

#### **Aim 2. Sufficient natural habitat exists to support native species**

- Explore a local natural area.
- Discover some of the local native species of plants and animals and their habitat needs.
- Demonstrate knowledge of some contrasting natural habitats.

#### **Aim 3. The risk of harmful substances to people and the environment are minimised**

- Be aware of harmful substances in the local environment.
- Explain ways to reduce the risk of harmful substances to people, plants and animals.

#### **Aim 4. The most suitable environmental practices are used**

- Show awareness of how our actions affect the environment and alternative ways to make a smaller impact.

#### **Aim 5. People are prepared to respond to environmental hazards and natural disasters**

- Be able to recognise different types of environmental hazards and natural disasters.
- Demonstrate how to be prepared and react to environmental hazards and natural disasters in the local area.

**B. TAKE ACTION** – Complete an environment project that relates to the previous learning and to the local environment

- Participate in a local environment project.
- Understand the benefits to the local environment of the project.

- Be aware of the local to global link of the project.
- Share your findings with your Six or Pack.
  
- The WSEB currently doesn't link to other areas of the Cub Scout Award Scheme.
- Completion of the WSEB should take a minimum of 10 hours.
- Cub Scouts are awarded the blue rope WSEB.
